

Amendments to the Drawings

Please amend Fig. 6 so that Blocks 606, 610 and 612 are diamond shape to represent inquiry/determination steps. The original drawing showed those blocks in rectangular shape; and the amended drawing shows those blocks in diamond shape.

An annotated drawing sheet containing Fig. 6 marked in red to show the changes is enclosed. Also enclosed is a replacement sheet containing Fig. 6 in which the changes have been made.

Additionally, a full set of Formal Drawings (including the correction to Fig. 6) is filed herewith.
